

November 6, 2020

Dear Family, Friends and Supporters,

We are excited to announce that our third child was born on October 25, exactly on his due date! Lucas Daniel is the newest addition to our family and he is already so loved. His big brother and sister were thrilled to welcome him home, and he has gotten plenty of hugs, kisses and snuggles since coming into the world less than 2 weeks ago. We thank God for having blessed us with three beautiful healthy children and we look forward to raising all of them to love and serve the Lord.

Our neighborhood Bible study that we hold outside in our driveway every Saturday evening has been going well, with 3 families attending regularly. We are reading through the book of Luke so that we can focus on the life of Jesus. It has been a great opportunity for us to get to know our neighbors on a more personal level, and our kids love spending that time playing outside with the other children. We pray for the hearts of our neighbors, that they would be open to receiving the truth that we find in God's Word and that they would be willing to give their lives to Christ.

We have continued having Sunday morning worship services in Spanish at the building, and it has been encouraging to see the church members slowly begin to return to worshipping with us in person. We are grateful for the technology that allowed us to stay connected virtually during the worst parts of the pandemic, but there is nothing that compares to being able to meet in person to worship our God and fellowship together as a church family.

Kayla has continued to teach a weekly Bible study in English for a group of Hispanic women who want to practice their conversational English, and two of the ladies in the group are new Christians. It has been encouraging to see the faith and commitment of these ladies to studying God's word, as well as their desire to put into practice the things they are learning.

Even with the limitations that we have faced due to the pandemic this year, it has been encouraging to see that there has been continued spiritual growth in several of the church members, as well as in several of the newly baptized Christians. Having been able to spend more time outside this past summer, we have been given the opportunity to form deeper relationships with our neighbors and others we have gotten to know while out taking walks as a family. It is always easy to see the negative side of things and complain about them, but as Christians we need to try and see where God has been working, even during times of uncertainty. We give Him all the glory for the goodness and growth that has occurred, and we continue to seek His guidance as we look for more opportunities to share His message of salvation with those around us.

In Christ,

Mauricio & Kayla Yegros
